Problem Solving

Education

SheCodes Pro Max Workshop
Sept 2022 to Nov 2022

Medicine - MB, BAO, BCh
(Hons 2:1)
Society Achievement Award
University College Cork, Ireland
Sept 2010 to May 2015

I am a highly motivated web developer, capable of continuous learning and development with a desire to apply my skills. I am new to the tech industry, having completed the SheCodes bootcamps at an accelerated speed (320hrs over 8wks). From my fulfilling work in psychiatry I am used to working in fast paced and pressured environments. My pragmatic approach to strategy, logical problem solving and keen eye for detail has allowed me to work in a consistent and calming manner always providing high quality outcomes. Working closely with others to provide a high-level of care.

I'm ready to apply my passion for coding to the development of quality solutions and am confident that my combined skill-set will strengthen a talented engineering team.
